Honourable Ababu Namwamba
Chief Administrative Officer
Ministry Of Foreign Affairs.
Republic Of Kenya.
Letter Of Invitation.

Dear Honourable Namwamba ,

It is with great consideration that we address this letter to reinstate our willingness to come and invest in your attractive country/economy and at the same time to be able to be guided by you.

Honourable, we are aware that few weeks ago, His Excellency the President Uhuru Kenyatta appointed a dignified task force to produce Kenya's Block Chain Road Map headed by Dr.Bitange Ndemo with an aim of exploring the use of distributed ledger technology and artificial intelligence for development. Honourable, as you may be aware, block chain is the best known type of distributed ledger technology and it , in turn ,is famous for being the technology that underpins Bitcoin a virtual currency . Honourable, we saw this as an opportunity for us to start a commercial Bank in Kenya with a Bitcoin Element, hence making Kenya to have the First Block Chain Bank in Africa.

Honourable, considering Kenya's level of technological advancement with Nairobi being Africa's Silicon Savannah ,Kenya's Advancement in culture and civilization within emerging economies is with no doubt at its best .

Honourable it is in this regard that we request to meet with you and share with you the benefit this bank will bring not only to Kenya but to Africa hence helping in the scaling of economic and social development of Africa and the African people. That said, we are currently very ready to come to Kenya and set up the bank.

Through this letter Honourable, we solicit your high personality in order to present to you and to the Kenyan people the basis of this partnership and way forward.

Honourable accept the expression of our perfect consideration.

Attached find our Company Profile and our partners.

Regards.

Adam Cuffe
